- Note:
- StarHub Global Conferencing Toll Free Access Numbers relies on each country's telecommunications carrier, the standards can be different than what is typically experienced from country to country. As a general rule, there is no guarantee for successful calls made from mobile phones by international roamers. Some hotels may block toll-free calls.
 - The chart above provides information and known issues regarding each country's telecommunication policies. Customers are advised to check if their mobile or fixed line is IDD enabled with local Telco.
 - By providing the Toll Free Access Numbers to your participants, Chairman agrees to pay for the Toll Free Access Charges for your participants. Contact conferencing@starhub.com or your StarHub Account Manager for the Toll Free Access Charges.
