

# Office 365

Your business success depends on your productivity. On your ability to collaborate.

**To communicate.**  
**To compete.**

With Microsoft Office 365, collaborate on documents and spreadsheets from any location. Communicate by email from any device. Rely on the full suite of desktop applications too. It's the latest version of the complete Office that you already know, and it's now in the cloud. With StarHub's broadband or mobile connectivity, it's available anywhere.

## A Complete Small-To-Medium Business Cloud Productivity Suite

Collaborate with increased productivity using business email, secure cloud storage, instant messaging, video conferencing and Office web apps.

## All This And Desktop Productivity Too

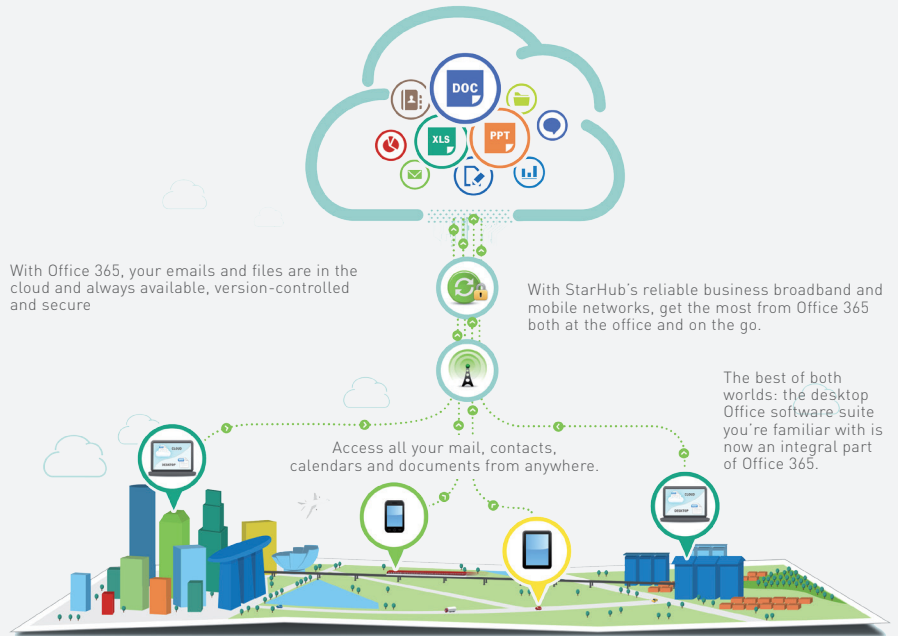

Enjoy a complete suite of Office Professional 2013 desktop applications together with Office 365.

## Stay Connected Through Starhub

Experience the productivity power of the cloud, with StarHub's range of reliable, high-speed network connectivity solutions.

# Experience Cloud Productivity with StarHub and Office 365.

## A Complete Small-to-Medium Business Cloud Productivity Suite

- With Exchange Online powered business Email and 25GB of inbox storage, you have every single mail, calendar and contact with you, wherever you are and on any device
- Your small-to-medium business can impress like a large enterprise with secure instant messaging, video meetings and conference calls
- Create and edit Office documents anywhere with Office Web Apps on your tablet or mobile

## All This and Desktop Productivity Too

- Office 365 now includes the full suite of desktop applications including Word, Excel, PowerPoint, Outlook, OneNote, Access, Publisher and Lync
- A simple monthly subscription gives you the full power and benefit of Office applications on your desktop, without the upfront payment for licences
- Customers already using Office 365 have highlighted benefits including greater efficiency, greater productivity from less frequent IT issues and improved cost-savings

## Stay Connected Through StarHub

- With StarHub's business fibre broadband, you get optimal connectivity to Office 365, which means you can access all your emails and documents almost instantly
- When you're on the move, your phone or tablet will be reliably connected to the cloud through StarHub's mobile network, wherever you are

StarHub is a leading provider of information communications solutions that matter to businesses in Singapore and beyond.
