

I'm excited to give you this smartphone but let's make a pact on how to use it!

-  1 Do not exceed your plan's monthly talktime, SMS and data limits. If you do, you'll have to pay for it by helping out with housework or pay with your allowance. Extreme cases will cost you your phone privileges.
-  2 Keep your phones away during meals, bed and study time or when you're crossing the road!
-  3 You will **NEVER** use your phone or social media to bully or tease anyone, even if your friends think it's funny.
-  4 Always answer the phone whenever mom or dad calls.
-  5 Do not share personal information such as name, address or phone number with anyone online.

If you agree  
to our pact,  
I will also  
promise to...

- 
- 
- 1 Answer and help with any uncomfortable situation you've encountered while using your phone. So be open and ask!
  - 2 Alert you if I make any changes to the phone plan.
  - 3 Learn about the cool things you do on your phone so we can talk about them and try them out together.

- 
- 4 Set a good example and put my phone away at meals or during family time!
