Unibody and limitless design for epic vision

With a sleek unibody metal frame supported by double stands, Xiaomi TV A2 58" offers a limitless, bezel-less design for epic vision. This device fits seamlessly into the modern household, while offering immersive entertainment.

Premium 4K Ultra HD display delivers true-to-life viewing experiences

Xiaomi TV A2 58" delivers premium 4K ultra-high definition in 3,840 x 2,160 resolution. The display packs in an impressive 1.07 billion colors for smooth and natural transitions, with 10-bit color depth and a wide color gamut of DCI-P3 90% (typ). Darker blacks and brighter whites are made possible by HDR 10, while 60Hz MEMC mitigates lag for smoother visuals. With Dolby Vision® supported, that means an immersive, true-to-life viewing experience from the comfort of home.

Enhanced experiences with immersive audio

Xiaomi TV A2 58" offers high-end audio features to deliver a stunning experience. With support for Dolby Audio™ and DTS-HD®, powered by 2 x 12W stereo speakers, Xiaomi TV A2 58" will give you an immersive, multidimensional audio experience right from the comfort of your home.

Stream all the latest content via Android TV™¹

Android TV™ comes built-in, with instant access to 400,000+ movies across your favorite apps including Netflix, Prime Video, and YouTube, together with thousands of apps on Google Play. With Chromecast built-in and Miracast, users are not limited to small screens: content can simply be cast from smartphones, tablets, or laptops onto the TV.

Smart built-in Google Assistant²

Xiaomi TV A2 58" functions as a smart home hub, with Google Assistant built-in,² giving users the ability to seamlessly control the device with voice commands, check their calendar, manage daily tasks, and even command connected IoT devices through the TV. With 360° Bluetooth remote control, the TV can respond to commands regardless of the remote control angle. Dedicated buttons for Netflix and Prime Video make it quicker than ever to get straight into the content users want to watch.
