The initial Minimum Period of Service for all subscription plans for the Service is 24 continuous months (or such other period as may be stated in the application form) from the commencement date. Upon the expiry of the initial Minimum Period of Service, the Service will be renewed on a monthly basis unless either party gives the other party at least 30 days' written notice of termination prior to the expiry of the then current period.
- 2.2. In computing whether or not you have fulfilled the Minimum Period of Service, any period for which the Service is suspended or ceased will not be counted. If the Service is suspended or ceased and subsequently reactivated, the Minimum Period of Service will be automatically extended by such period of suspension or cessation.
- 2.3. If we agree to any changes to the Service as requested by you (including any upgrade to the Service) or the renewal of the Service, we are entitled to require the Minimum Period of Service to be re-commenced from the date the Service is changed or renewed.

3. Emergency Services

- 3.1. The Service only supports Singapore emergency services calls (for example, 999 and 995).
- 3.2. You acknowledge and agree that any emergency services calls made using the Service may be subject to network congestion and/or reduced routing speed.

The Administrator shall be our single point of contact for operational matters, including password and authorisation matters. The Administrator shall also be responsible for managing your user features via your company's administrator web portal for the Service (which we will make available to you as part of the Service). We will provide you with a user guide. Should you require user training for the Administrator, you may request for such training in writing. Training will be subject to our written approval and availability of resources. We will also prescribe a Charge in connection with such training. We reserve the right to cancel such training upon notification.

We may provide you with a non-exhaustive list of devices that are known in the market to be compatible; however, we make no warranty or guarantee that the listed devices are compatible and will work with the Service;
 - 4.3.2. ensuring your applications, equipment, hardware, software and networks meet the minimum system requirements of the Service as we may determine from time to time, and that they are compatible and may properly function and inter-operate with the Service. We will not be liable for any Service or network failure or performance issues resulting from non-compliance with such requirements;
 - 4.3.3. the internal cabling for telephony and local area network ("**LAN**") cable infrastructure for the connection to customer premises equipment that we have provided you. The point of demarcation of our Service depends on the CPE (as defined below) and will exclude your cabling when troubleshooting for Service issues;
 - 4.3.4. determining and for procuring any conversions required on your devices. For example, an analogue phone adaptor would need to be converted to an IP phone adaptor for the purposes of the Service.  - 4.3.5. procuring and maintaining all necessary devices to use and access the Service and such devices include an integrated access device, IP phone and/or such other compatible customer premises equipment (collectively, the "**CPE**") as may be required to use and access the Service.
- 4.4. Your use of the Service and the CPE shall be solely at your own risk and is subject to all applicable laws and regulations. If you use or allow the use of the Service and/or the CPE outside Singapore, you shall be solely responsible for:
 - 4.4.1. obtaining all necessary consents; and
 - 4.4.2. complying with all applicable laws and regulations resulting from such use.

The sale and purchase of the CPE will be subject to the relevant manufacturer's warranty only ("**CPE Warranty**") and any defect in such CPE will be covered by the CPE Warranty and your sole and exclusive remedy for such defect shall be according to the CPE Warranty. Orders for CPE shall at all times be subject to availability and confirmation by us in writing. Except for fair wear and tear, you will bear all risks of loss or theft of, or damage to, the leased CPE, from the time you receive the CPE, at our prescribed prevailing rates. Upon termination of the Service, you must return us the leased CPE; otherwise you shall bear our costs of collection of such CPE.
- 5.4. The provision of the CPE shall be subject to stock availability.
- 5.5. You must comply with all applicable laws and instructions, notices or directions issued by the relevant regulatory authorities or us from time to time regarding the installation, use, operation and/or upgrade of the CPE.
